

Trailer-mounted AMD Shelter

Maintenance made easy, wherever you go

Ideal for field maintenance operations in remote and hard to access areas, our AMD shelters provide an **all-in-one shelter solution** where all equipment (air conditioning, heating, groundsheet, flysheet, accessories, tools, lighting, generator set) are fitted on a single all-terrain trailer.

Thanks to their innovative hydraulic shaft system, AMD shelters are **quick and easy to assemble** with **only two operators** at ground level, and no specific tools or engines.

AMD shelters come in 3 different sizes: **60m², 120m² and 340m²** and provide sufficient under-floor height to be able to carry out maintenance operations on most vehicles.

Available Equipment:

- Lighting,
- Flysheet
- Humidity Control
- Power generator
- Hoist
- HVAC
- Logos

Colours:

- NATO Green
- Sand
- Camouflage

- Automated erection
- All-in-one solution
- Heavy-duty build
- Ideal for maintenance and storage of sensitive equipment in remote areas
